

PROGRESS LAKESHORE

Accelerating business success

We would like to congratulate all the award winners at our 6th Annual Excellence in Economic Development Awards Breakfast on this past Wednesday! We would also like to thank our event sponsors, Holy Family Memorial (Title Sponsor), Lakeshore Technical College (Platinum Sponsor), Allstates Rigging and Jagemann Stamping Co. (Gold Sponsors.)

The Entrepreneurial Achievement Award, sponsored by Ansay & Associates, LLC, was presented to Trans-Link Services.

The Neighborhood Development Award, sponsored by Aspire Real Estate Group, LLC, was presented to Forefront Dermatology.

The Corporate Investment Award, sponsored by Schenck SC, was presented to Parker Hannifin HPD.

The Economic Accelerator of the Year Award had two winners and was sponsored by Fox Communities Credit Union. The first award was presented to Dr. Michael Lanser, Lakeshore Technical College.

The Economic Accelerator of the Year Award had two winners and was sponsored by Fox Communities Credit Union. The second award was presented to Dennis Dederig, City of Kiel.

Wisconsin has moved from #26 in 2010 to #10 in 2017 Rankings for best states to do business. This is helpful in retaining companies within Wisconsin and attracting from states that have seen their business climate decline. Click below to read the full article.

"Muster Across Wisconsin" 2017 tour designed to build and lead premier business events at six to twelve University of Wisconsin-System campus cities in partnership with the University of Wisconsin-Extension Small Business Development Centers (SBDC) and the Wisconsin Technology Council. These events will showcase successful business leaders and entrepreneurs who happen to be military veterans, empower local business/entrepreneurial ecosystems, and "Inspire-Educate-Connect" local markets with mentor-ship, access to investment capital, and innovative leaders and ideas.

Next Event:

Wednesday, May 24, 2017 from 3:30 p.m. to 7:30 p.m.

Lambeau Field - Terrace Suites

Steve Hoffman from InDepth Agronomy tested local alfalfa fields in Manitowoc County. Much of the alfalfa in and around Manitowoc County was damaged by winter kill and by our cold wet spring. About 50 to 60% of the alfalfa appears to be lost, and the fields that are kept in production will not yield to their full potential. This year, more than most, it will be critical to closely monitor alfalfa maturity and quality.
